PROFILE

Motivated 4th-semester Computer Science student at The Superior University with a passion for building practical software and exploring emerging technologies. Experienced in full-stack web development, systems documentation, and AI/ML model training. Currently serving as Softec Ambassador for my campus, and actively seeking an internship where I can apply my technical skills and enthusiasm for problem-solving.

SKILLS

Languages & Technologies: C, C++, C#, HTML, CSS, JavaScript, PHP, SQL, Python

AI / ML: CNN, ResNet, Inception — model training and evaluation

PROJECTS

FinTrack — Personal Finance Web Application

PHP · MySQL · Full-Stack Web Development

- Designed and built a full-stack personal finance tracker using PHP and MySQL, featuring income/expense logging, real-time dashboard statistics, and an AI-powered savings predictor.
- Implemented an admin panel with session-based authentication and a read-only all-transactions view using SQL VIEWS.
- Applied a custom theme with responsive CSS layouts and Segoe UI, sans-serif typography.
- Source code: [GitHub](#)

Smart City Assistant Platform — Systems Documentation & Architecture

UML · ERD · System Design · Semester Project

- Produced comprehensive systems documentation and architecture artifacts for a Smart City Assistant Platform as part of the Final Year Project coursework — not a development project.
- Deliverables included UML class, use case, sequence, activity, and state transition diagrams, alongside an Entity-Relationship Diagram (ERD) in Chen notation and an overall system architecture diagram.

C++ OOP Projects

- Bank Management System — multi-account banking system with OOP design ([GitHub](#)).
- Vehicle Management System — fleet tracking application a simple project([GitHub](#)).
- Taxation System — rule-based tax computation engine built in C++ ([GitHub](#)).

EDUCATION

The Superior University, Lahore

Bachelor of Science in Computer Science (BSCS)

August 2024 – Present

Superior College, Lahore

Intermediate — ICS (Intermediate in Computer Science)

2022 – 2024

Unique Group of Institutions

Matriculation (Secondary School Certificate)

2020 – 2022

EXTRACURRICULAR

Softec Ambassador

The Superior University Campus

2024 – Present

- Representing the campus at Softec — one of Pakistan's largest student-run computing competitions — promoting technical events and student engagement.
